

Great Bear Healthcare Ltd – Mummy and Baby Bear Leg Bag

Mummy and Baby Bear are Great Bear's paediatric Leg Bags designed specifically for babies and young children. The products are manufactured in Cardiff and comply with all quality standards

Features and Benefits:

- Available in 2 capacities; 150ml (Baby Bear) and 250ml (Mummy Bear)
- Choice of two tube lengths; Direct Inlet or Adjustable
- Attractive, child friendly design
- Lever action tap with silicone sleeve so that it can be connected for overnight drainage
- Silky, smooth fabric backing allows the skin to breathe
- Tap can be swivelled for maximum comfort
- Fun, continuous paw print design on strap
- Centrally positioned strap hole to securely support the bag
