ENDOTRACHEAL TUBE HOLDER

LATEX
FREE

The Insight Endotracheal Tube Holder Set has been commended by professionals on the ease of use, security and patient comfort.

Because of the soft materials, the products has been proven to greatly reduce the incidents of sores to the patients mouth, while maintaining a secure fitting to the ultra soft neckpiece.

Each set is supplied with 3 holders to enable the user to replace soiled items, therefore improving value over alternative methods.

- Fully adjustable to fit most neck sizes
- Laminated hook/loop tabs offer total security of fitting
- Ultra soft materials prevent abrasions to the patient
- Latex-Free
- UK Manufactured
- CE Marked
